TAFT DISCLAIMS PRESIDENTIAL HOPES FOR 1948

'No Plans Now' to Seek GOP Nomination, He Tells State Convention.

COLUMBUS—(UP)—Sen. Robert A. Taft, here to keynote the one-day state GOP convention, said today he had "no plans now" to seek the 1948 Republican presidential nomination.

Taft said the issue of who will be the 1948 GOP presidential nominee should not enter the current campaign, which he believes will gain 10 seats in the senate for the Republicans.

"We should concentrate our efforts now to gain a majority in both the senate and the house," he said.

Taft saw "excellent chances" for Republican senatorial nominees in Massachusetts, Pennsylvania, Delaware, New York, West Virginia, Washington, Idaho, Montana, Wyoming and Ohio.

Hits Meat Ceilings.

Asked about OPA controls on meat, Taft said the law states clearly that controls are not to be maintained on commodities that cannot be controlled "and meat is one of those commodities."

"Meat is the hardest thing of all to control," he added. Taft said he saw little prospect for adequate meat supplies.

Dares Truman.

Meanwhile, GOP senatorial Candidate John W. Bricker hurled a challenge at President Truman and dared him to enter the Ohio campaign.

Bricker last week was snubbed by the state CIO-PAC convention, which endorsed his Democratic opponent, Sen. James W. Huffman, for re-election.

"I say to Jack Kroll (national PAC chief and Ohio PAC chairman) and to the president of the United States—and I hope he comes into Ohio to campaign against me—bring on your New Deal, communistic and subversive groups," Bricker said. "If we can't lick them in Ohio, America is lost anyway."

Principal planks in the GOP state platform will be announced at the convention.

REJECT TERMS

Chinese Communists Demand Unconditional 'Cease Fire.'

NANKING —(AP)— The Communists today rejected Chiang Kai-Shek's latest truce proposal as unsatisfactory, dooming any immediate hopes of a political settlement of China's mounting civil strife.

General Marshall, U. S. special envoy, communicated the generalissimo's undisclosed terms for a nation-wide armistice in a two and a half hour conference with Gen. Chou En-Lai, No. 2 Chinese Communist. Then Communist spokesman Wang Ping-Nan reported:

"We continue to demand unconditional cease fire. We will not accept any other conditions. The situation remains serious."

Coincidentally there were unconfirmed reports of sizable air activity at the Communists' hitherto-deserted Yenan airfield, and of a frustrated government plot to seize Harbin, Manchuria, by simultaneous revolt from within and attack from without.

Eisenhower's Mother Dies

ABILENE, Kans—(AP)—Mrs. Ida Stover Eisenhower, 84, mother of Gen. Dwight D. Eisenhower, died early today at her home.

Death was attributed to a heart attack.

Milton S. Eisenhower, president of Kansas State college, Manhattan, a son, said General Eisenhower, now in Washington, was expected in Abilene tomorrow.

Private funeral services will be held at the home Friday.

Mrs. Eisenhower also leaves three other sons, Arthur, vice president of the Commercial Trust company of Kansas City, Edgar Eisenhower of Tacoma, Wash., and Earl D. Eisenhower of Charleroi, Pa.

CALLED HOME

YOKOHAMA — (AP) — Enlisted men with 20 months' service as of Sept. 30 have been called to the Fourth Replacement depot for passage home.

Board Picks Grace Street Site For Newman School Building

No Bridge, No Buses, No School

PORTSMOUTH —(INS)— Parents of 27 Highland Bend pupils protested lack of transportation today by keeping the youngsters home.

The school board had refused to provide transportation requested until a narrow bridge over the Scioto river could be made safe for a bus.

Although the site is within the city limits, Scioto county commissioners purchased a steel bridge but must have city and state aid to erect it.

NEW PRISON'S LOCATION NEAR CAPITAL URGED

Proposed Institution Seen as Offering Relief to Mansfield Reformatory.

COLUMBUS —(AP)— A special sub-committee of the state post-war program commission recommended today that the proposed new $5,000,000 state prison be situated somewhere within a 35-mile radius south of Columbus.

The new prison, the committee said, should be built on level ground, accessible to rail and highway transportation and possess adequate water and sewage disposal facilities.

Selection of the specific site should be left to "responsible state officials," the committee suggested.

The area designated embraces the Lockbourne Army air base, which may become surplus and available for use as a prison.

Four major principles were recommended for the new penal institution:

1. Wall-less, reformatory type, with a capacity of 1,500 inmates

2. Extensive farming should not be a part of the program.

3. The institution should relieve over-crowding at Ohio penitentiary in Columbus and possibly at the Ohio Reformatory near Mansfield and allow proper classification and segregation.

4. The site may be an administrative center of the state penal system when the present main prison in Columbus is abandoned.

Frazier Reams, state welfare director and a member of the special sub-committee, said he hoped to return to use of the one-man cell at Ohio penitentiary after 1,500 inmates are removed to the new prison.

Other members of the committee are John M. Caren, Columbus attorney, and Rep. Robert Shaw of Columbus.

21,000 IDLED

Detroit Labor Disputes Hit Automobile Plants.

DETROIT—(AP)—Approximately 21,000 automotive industry workers were idled today in a series of labor disputes in the Detroit area.

Plants affected were the Hudson Motor Car company, Dodge truck units of Chrysler corporation, and the Timken-Detroit Axle company. Hudson announced 12,000 production employes were sent home following a second walkout of 37 body inspectors, demanding a five-cent an hour wage increase; the Dodge shutdown involved 4,200 and the Timken dispute idled 5,000.

Hudson management spokesmen said the inspectors who first left their jobs yesterday agreed to return today but stopped work a few hours after reporting at the plant this morning.

Delaware Rents Ordered Frozen

PORTSMOUTH—(UP)—Rents in Portsmouth will be frozen at Jan. 1, 1946, levels, when federal rent controls take effect Oct. 1, OPA district Director John E. Robinson of Cincinnati said today. Robinson also announced that federal rent control would be established in Delaware Oct. 1.

Golf Honors Go to Kiwanians, Bridge Prize to Rotary

Mansfield Rotarians and Kiwanians called it a draw last night in their annual golf and bridge tourney, the Kiwanians winning at golf and the Rotarians gaining revenge in the bridge competition at Westbrook Country club.

During the shower-dampened golf tourney in the afternoon, Kiwanis players rolled up 33 points to Rotary's 26. After dinner, attended by about 100 club members, Rotarians scored 20 points in bridge to the Kiwanians' 10.

Rotarians had cause for consolation in the golf tourney even though they didn't win, as low gross honors fell to two of their members, H. S. Jones, with 84, and Paul Stephens, with 87.

When it came to putting the little ball in the cup, something

FLOUR PRICE UP, SUGAR HIKE DUE

OPA Boosts Window Glass Cost $1.25 For New Homes.

WASHINGTON — (UP) — Flour prices go up 20 cents a hundred pounds today, but OPA officials say it will not boost the price of bread.

OPA officials also said the retail price of sugar will jump one and one-half cents a pound by the end of the week.

The milling industry had asked for an increase of 26 cents per hundred pounds for flour.

OPA also announced an 18 per cent increase in the ceiling price of window and picture glass. The boost means an increase of $1.25 in the cost of window glass for low-cost homes.

Meanwhile, the possibility arose that dairy products may be put back under price control as requested by OPA. The price decontrol board will meet here next week to consider such action.

OPA simultaneously wiped out all ceilings on razor blades, baby carriages, fountain pens and more than 20 other commodities including minor photographic equipment.

DEAD FLOWN HOME

ROME —(UP)— A U. S. Army C-54 transport plane took off from Ciampino airport for the United States today, carrying five caskets containing the remains of American fliers shot down by Yugoslav planes Aug. 19.

Union Tells Truckers 'Abide By Contracts'

INDIANAPOLIS—The office of Daniel J. Tobin, head of the International Brotherhood of Teamsters (AFL), sent telegrams to all local unions in New York and New Jersey insisting that every one of the local "abide by its contracts."

About 25,000 truck drivers are on strike in the New York area.

In another telegram to Mayor William O'Dwyer of New York City Tobin said he could not understand "your statement that you desire to place the responsibility for stoppage of work by truck drivers of New York on the international union."

The telegram to O'Dwyer said the international union had two experienced representatives in New York and that they were doing "all they can to bring about an understanding between the employers and the membership of the international brotherhood who have stopped work."

Foresees Violence.

O'Dwyer had predicted the possibility of violence if the paralyzing strike of 25,000 truck drivers continued in appealing to Tobin to assume control of the striking local and negotiate an end to the walkout.

The 11-day-old strike has brought widespread industrial layoffs, emptied many drug stores of supplies, halted all beer deliveries and resulted in an embargo on railway express shipments into New York.

The Brooklyn Chamber of Commerce telegraphed President Truman that there would be an almost complete stoppage of industrial production in that borough by the end of the week if the strike continued.

Newspapers May Halt.

William Mapel, vice-chairman of the Publishers Association of New York City, said that several of the city's newspapers would have to stop publication next week if the strike continued.

Deliveries of coal to the city already were 60 per cent below normal, while the giant garment industry started widespread layoffs.

The original union demand is for a 30 per cent wage increase. The employers have offered a flat $3 a week hike, or about 6½ cents an hour.

VOTE TO END STRIKE

CELINA — (INS) — Employes of the New Idea, Inc., who have been on strike since April 3, will vote tonight on a new contract offered by the company. The 325 members of the AFL-International Upholsterers union walked out in a demand for wage increases. The company manufacturers farm implements.

Slim Diets of Nation's Bobby Soxers Called Danger to Future Civilization

CHICAGO —(UP)— The nation's bobby soxers are endangering civilization because of their "unreasonable" eating habits, Dr. Icie Macy Hoobler said today.

"They are injuring themselves as well as the children they will bear by skipping meals to lose weight and then sipping ice cream sodas all afternoon," she said.

Dr. Hoobler is research director of the Children's Fund of Michigan. She is to receive the Francis P. Garvan medal honoring women in chemistry tonight at the American Chemical society's 110th annual meeting.

"If we are going to have a greater civilization, we shall have to have strong children," she said. "We don't get them if girls insist on drinking sodas instead of milk and eating corner drugstore lunches instead of balanced meals.

"No one should forget that defense of the mother is defense of the nation. We have to protect our young women if we are going to protect ourselves."

Dr. Hoobler said the slim diets already had been responsible for making adolescent girls the only group in the U. S. with an increased tuberculosis rate. She prescribed three meals a day—with no between-meals snacks—plenty of rest, avoidance of overfatigue and plenty of exercise in the sunshine.

Reveals Purchase Of Land

Supt. W. L. Miller disclosed today selection of an area between Spring and Grace streets on Central avenue extension as the site for the new Newman school building.

This disclosure followed a discussion of the new site by Newman school PTA members last night at the school building.

John H. Eisaman, school board, said that two lots have already been purchased in the section from Corine Washington and H. Corry, and that "five or six other lots are in the process of being purchased at the present time." W. C. Mansfield, real estate agent, is representing the school board, Eisaman said.

The site for the school will be 265 by 456 feet. The clerk said that the site would begin 120 feet north of Grace street and continue north for 10 lots. The site will be bounded by Oakenwaldt avenue on the west.

Supt. Miller said selection of a new site for the school was made following a joint meeting of the Newman PTA and the school board when PTA members "asked that a new site be purchased."

* * *

Area Approved.

"The site comes within that section for the school building approved by Liberty park officials and by an Ohio State university survey," the superintendent added. "The present school building is in the extreme east end of the population district in the school area, and we are expecting building to the east of the new site and in Coolridge Heights.

"When buying school property we have to consider fairly central

IT'LL BE COOL, FORECAST SAYS

Mercury Due to Fall Sharply By Tomorrow Night.

Cool and sunny autumn weather today replaced the uncomfortable humid heat of the past few days.

Mansfielders tomorrow can look forward to typical football weather with cooler temperatures forecast for tonight and tomorrow with fair and "quite cool" weather scheduled for tomorrow night.

Coming with yesterday's northwest wind was rain ranging from a trace to a half-inch throughout the state to end the heat wave. Rainfall in Mansfield yesterday amounted to .38 inch.

Temperatures in the city yesterday were slightly lower than in other Ohio cities, with the thermometer ranging from 76 to 53 degrees. Temperature at noon today was 67 degrees.

While the weatherman said it will be pretty chilly tomorrow night and Friday, he said there was no sign of frost to nip late-maturing crops

WORKER KILLED

Holmes Oil Well Accident Fatal to Man, 38.

MILLERSBURG—Edward Warrick, 38, Cameron, W. Va., was fatally injured four miles west of here at 5 p. m. yesterday, when an oil well on which he was working caved in.

The death, investigated by Coroner A. J. Earney, Millersburg, was termed accidental. Three other workmen, employed by the Dunn-Mar Oil company, working at the well at the time of the accident were not injured.

Warrick, who had started to work here Monday, is survived by his wife and two teen-age daughters at his home in Cameron.

BIG SEWER BILL

COLUMBUS —(INS)— Columbus City Attorney Richard W. Gordon today asked the state supreme court to order Ohio State University to pay the city $108,773 in sewer rentals.

Fate of Wage Pegs Rest On Ship Strike

WASHINGTON —(UP)— AFL President William Green is polling the AFL executive council on the question of withdrawing AFL representatives from the government's wage stabilization board, an authoritative source said today.

WASHINGTON —(UP)— The fate of the administration's wage control policy hung in the balance today as the Wage Stabilization board debated whether to reverse the decision which touched off the paralyzing shipping strike.

The board was expected to take a vote at a closed session today. Leaders of the striking AFL maritime unions made it clear their week-old walkout would continue unless the decision was for reversal.

Officials of the board declined to speculate on what course it would take on the basis of yesterday's re-hearing, but it appeared that the board carried into its session a greater weight of evidence for reversal or modification of its earlier decision than for flat affirmation.

One possibility was that the board might reverse its decision, but with these provisos: (1) That similar wage adjustments would be approvable for CIO shipping unions; and (2) That the increases be limited exclusively to the maritime industry.

WORK STOPPAGE THREAT ISSUED

AFL Seamen Urge Shutdown If Pay Demand Rejected.

(By Associated Press)

A 24-hour work stoppage by all American labor was urged today by the joint strike committee of the AFL seamen in the event the Wage Stabilization board should reject the union's wage demands.

Telegrams urging such a stoppage were sent to Philip Murray, president of the CIO, and William Green, president of the AFL.

The seamen, whose walkout was bottled up by the nation's ports, also asked the two national union

WASHINGTON —(AP)— President Joseph Curran of the CIO National Maritime Union said today that his union will go on strike unless the higher pay sought by AFL maritime strikers is applied "to the whole industry."

heads to withdraw their representatives from the WSB if it returned an unfavorable decision on the seamen's demands.

Max Korenblatt, chairman of the joint strike committee, said in New York the group met until early this morning, discussing and drafting the telegrams, which he said were approved by John Hawk, vice-president of the Seafarers International Union.

Tugboats in New York harbor resumed towing barges carrying food and fuel for the city's 7,500,000 residents for the first time since towboat union members struck Saturday in a sympathy move with the nationwide strike of AFL seamen.

Permission to operate some of the 400 tugboats—manned by approximately 3,500 men — was granted last night by leaders of the striking AFL maritime unions.

150 Angered Miners Find Killer Meek

KEYSER, W. Va —(UP)— One hundred fifty tired men who had sworn to take Mark McCauley dead or alive returned to their homes today after turning him over to police.

McCauley, 35-year-old coal trucker, surrendered meekly last night to a lone member of the posse who found him wandering in the woods on top of Allegheny Front mountain.

He had been hunted by the band of indignant miners since Monday night when he shot and killed State Trooper Joe Horne and Tucker County Sheriff O. G. Hovatter in Emorytown. Witnesses said the officers had attempted to arrest him for stealing a coal truck.

For 24 hours without sleep, through a cold rain and over rugged terraine, the miners, led by bloodhounds, had beat the woods for McCauley, moving in a determined line 25 feet apart.

Their wives brought food to the fields after the miners swore they would not rest until McCauley was caught.

PROPOSES VOTE THIS FALL ON CITY TAX PLAN

Members Expected to Seek Collection of Fee By County Treasurer.

City councilmen had before them today a proposal to place a one and a half mill tax levy on the city property duplicate to take care of garbage collection charges.

Council heard the proposal in caucus last night and voted to meet in special session Thursday night to decide whether to ask the county election board to put the plan on the November ballot.

It is estimated that the tax would bring in some $90,000 for exclusive use in the collection of city garbage.

In caucus last night, councilmen approved by a one-vote margin a motion that council meet tomorrow night to consider garbage tax resolution.

If the resolution is adopted it will be a formal request to the board of elections that the garbage levy be placed on the ballot.

* * *

Decides Tie Vote.

Council President William E. Bradford cast the deciding vote when balloting on the proposed resolution reached a four-four tie. Russell D. Porch, First Ward councilman, was absent.

The caucus was held in an effort to map plans for the revamping of the city's garbage and ash collection systems.

Mayor Roy W. Vaughn has recommended that the city's $7.20-a-year garbage-ash collection fee be raised in order to put the refuse department on a self-supporting basis.

Councilmen will consider the levy resolution tomorrow in an effort to raise money for the collection service and also to put the garbage service on a compulsory basis as has been recommended by councilmen and health officers.

Two Democrats and two Republicans last night favored the drafting of the levy vote resolution; and two Democrats and two Republicans were against drafting it.

Councilman Porch, absent from the caucus, may cast the deciding vote tomorrow night concerning the placing of the levy on the ballot.

He said today that he "leans toward being against" the resolution. He added, however, that he's still "open to conviction."

YUGOSLAVS TOLD TO PAY $400,000

Bill Indicates Stiffening of U. S. Attitude.

WASHINGTON —(UP)— A stiff bill for $400,000 in indemnity from Yugoslavia today underscored this government's determination to protect Americans abroad from high-handed treatment.

The state department demanded the cash settlement from Yugoslavia as indemnity for the acts of Yugoslav aircraft in shooting down two armed American transport planes with the loss of five lives.

A stiffening U. S. attitude against the summary treatment accorded Americans in some foreign lands was also seen in these developments:

1. The state department indicated it would press its inquiries regarding 50 to 60 Americans held by Polish authorities without suitable explanation.

2. Further information was requested on the weekend shooting fray in Trieste which injured six American soldiers in a clash with Yugoslav demonstrations.

3. The department planned to back an appeal by William Wedge, watchman in the U. S. Embassy in Belgrade, from the eight-year jail sentence and $8,000 fine for a traffic accident in which a Yugoslav officer was killed and another injured.

New York'll Be Drier Ere Long

NEW YORK —(INS)— The truck strike halted beer deliveries today to 10,000 bars and 12,000 stores in New York.

United Brewery Workers (CIO) quit delivering beer after alleged pickets from the striking International Brotherhood of Teamsters (AFL) threatened them with baseball bats.

Bars were estimated to have enough beer to hold out for three or four days.

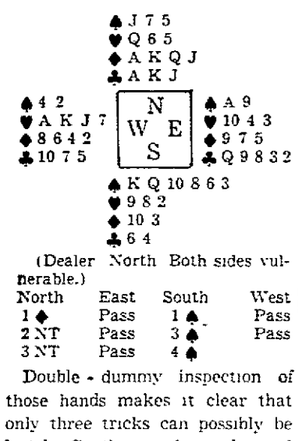
A GOOD test to apply to psychological plays which you consider is this—would it fool you if somebody tried it on you? That is, of course, not the full answer, as various players mental habits are different. Another consideration, of course, comes up when you are on the defense Is it more likely to do harm by fooling your partner than it is to do good by fooling the declarer?



(Dealer North Both sides vulnerable.)

North	East	South	West
1 ♦	Pass	1 ♠	Pass
2 NT	Pass	3 ♠	Pass
3 NT	Pass	4 ♠	

Double - dummy inspection of those hands makes it clear that only three tricks can possibly be lost by South—one in spades and two in hearts.

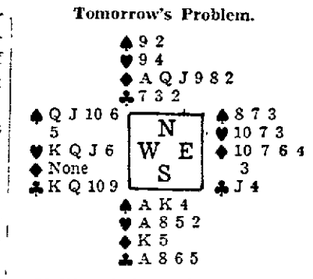
But suppose you cover up the East and West hands now and play under the same conditions as did the declarer in the rubber game where these cards were dealt. Now note that West leads the heart A Immediately you place the K as almost surely with East.

Then note that West leads the J to the second trick. Are you going to cover it with the dummy's Q? Probably not, as that would only sacrifice it to East's marked K. You are going to play low from the dummy, hoping East had only a doubleton K and would have to play it now

How would you feel after that when West leads the K and drops your nice Q?

That's exactly the way the actual declarer felt when he found he was victimized by that unorthodox defense.

Tomorrow's Problem.



If West bids spades, clubs and hearts, and leads the spade Q, what is South's best try to make 3-No Trumps?

PILES ARE NEVER "MILD"

DANGER IN NEGLECT

No one should ever think of piles (hemorrhoids) as a "mild" disorder.

Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formations without tendency to heal themselves, instead, they are likely, if neglected, to keep increasing in size, involving more and more of the rectal area.

Even a so-called "mild" case may be expected to undermine one's health, by inviting predisposing to or aggravating other ailments, such as: indigestion, biliousness, stomach trouble, constipation, headaches, pain in the back and down the legs, secondary anemia with its run-down tired feeling, and general nervous irritability.

Removal of piles is the only permanent relief — written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom is the patient required to lose any time from work or other duties.

Pegler — Fair Enough

NEW YORK—Having devoted some attention to the American Veterans' committee recently, I believe it would be appropriate to discuss a visit with Jack Hardy, the national commander of the AMVETS.

Charles G. Bolte, the national chairman of the A. V. C., and Commander Hardy both insist that their organizations are not rivals but it is my impression that they are about as friendly and mutually copperative as the CIO and the A. F. of L. or Soviet Russia and the United States and that this is an appropriate political comparison.

The A. V. C. is campaigning to raise $1,000,000, which is a nice pear-shaped objective, for the purpose of running its membership up to a million. The membership was only 60,000 when I interviewed Mr. Bolte. Gilbert Harrison, the vice-chairman, and Edward McHale, the national field secretary, early in August and the contributions at that time stood at $42,479.

The contributors included a lot of dirty-rich bleeding-hearts and the correct proportion of Hollywood swimming-pool proletarians and there were fourteen individual gifts, each of which exceeded the total amount of both of the contributions which the AMVETS had received when I talked with Commander Hardy on Aug. 21. These contributors were Andrew Higgins, the New Orleans shipbuilder, who gave $300, and some Pittsburgh coal firm whose correct name Hardy did not know, offhand. This donation was $500.

* * *

Harrison had hinted that the AMVETS were dough-heavy with money from sinister sources but Hardy said $800 was the total and pined for the magic touch of the A. V. C.

* * *

The AMVETS, in their prospectus, appear to me to be a progressive but not radical organization, while the A. V. C. endorses unemployment pay of $25 for 26 weeks for bums and loafers by demanding such for "unemployment of all kinds, including time lost due to labor disputes."

This objective, if achieved, would invite all the no-dam-goods to create fake disputes calling for picket lines which, in the jargon of the union racket, constitute an "unhygienic working condition" on the ground that anyone going through a line is likely to get his head busted by a peaceful picket exercising his freedom of speech with tire-iron. But it would also antagonize decent Americans who would want nothing to do with any outfit that would tax their earnings to pay $25 a week to the bum next door.

So I should think the proposition would attract the trash all right but repel the quality. Mr. Hardy says he isn't chumming for trash with bum-bait and is willing to let the A. V. C. have their kind up to the point of monopoly, confident that superior veterans will join the AMVETS.

I am pleased to be able to state now to Mr. Bolte that my copy of the roster of his contributors, the sucker list as it would be called in the fund-raising trade, was not, as he thought, filched from the A. V. C.'s files. It was freely given by one of his own members to a member of the AMVETS.

Both organizations, being open to veterans of the late or current war, are subject to espionage and counter-espionage and can do nothing about it because any member of either group has a right to know all its business. I think they might eventually combine in patriotic friendship when the little boys of the A. V. C. have learned to think honestly and tired of a distorted pose.

Othman — On Anything

WASHINGTON —(U.P.)— When the president of the United States gets a tickling in the throat his doc makes him quaff cough syrup brewed by the U. S. Navy. This medicine tastes elegant, like orange-flavored drinking liquor.

And if taken in sufficient quantity, probably would have the same effect.

The White House dispensary ladles out this lovely stuff (whenever they get hoarse) to all its denizens, including A. Merriman Smith, who writes all the United Press bulletins about presidents. He knows about that cough medicine personally.

* * *

What I'm getting at is that Smith has written a book, published today, titled "Thank You, Mr. President," and devoted exclusively to facts about Presidents Roosevelt and Truman, their troubles, and their travels. Smith knows. He was there.

Coming up in the next few weeks are a dozen other books about President Roosevelt, by such folks as his son, Elliott; his secretary of labor, Madame Frances Perkins; his press representative, Jonathan Daniels, and numerous others. Few of them spent so much time with the president as my man Smith.

Not one mentions cough syrup or takes his reader on a tour of the presidential yacht, where gold flagons of toilet water repose on the presidential dresser.

"On a windy day the stuff can be smelled from ship to shore," Smith reports.

His book isn't all trivia, but it contains enough of the small facts to make, both Mr. Roosevelt and Mr. Truman seem like real, live human beings. That's an accomplishment, when you're writing about presidents.

I'd say he has written a book as valuable as it is lively. Future historians will have to go to Smith for the facts about the talking fence at the White House, the story of how President Roosevelt soft-soaped an Arab chief with a second-hand wheel chair for a gift, and the inside facts of the irksome life President Truman has found in the executive mansion.

Smith calls him "The Incurable Missourian."

ATHENS —(INS)— Eddie Norris, 20, of Athens entered Ohio Penitentiary today to begin a life sentence for the slaying of Forest Male on June 14. Norris was sentenced Monday by Judge O. F. Rowland.

COUNTY SCHOOL ENROLLMENT UP 121 OVER 1945

Additional Teacher Hired at Lucas to Take Care of Increase.

Enrollment in the Richland county rural schools this term tops last year's figures by 121 students, with 4,979 now answering school bells, Boyd Robinson, county superintendent, reported today.

Last years enrollment in the county rural schools amounted to 4,858.

Only school where board members were forced to hire another teacher to handle the heavier enrollment was at Lucas where Mrs. C. B. A. Stacy was employed as an additional first grade instructor.

The pinch of crowded conditions is being felt at three schools where bond issues have been voted. These are Bellville, Madison, Plymouth and Union. A bond issue for the construction of a consolidated building has also been passed in Mifflin township where one-room district schools are still operating.

Madison township leads all schools in the county rural area with an enrollment of 1124. Following in order are: Bellville, 620; Lexington, 520; Springfield township, 512; Union, 476; Butler, 438; Plymouth, 384; Lucas, 369; Shiloh, 335; Mifflin, 127, and Sharon, 74.

6 INJURED IN AUTO MISHAPS

Officers Report Three Traffic Accidents in City Area.

Six persons were injured yesterday and last night in three traffic accidents in the Mansfield area.

Richard Esbenshade, 12, of 903 Benedict avenue, suffered bruises on his left arm when his bicycle collided with a car driven by Calvin P. Wymer at 6:30 p. m., yesterday at State Route 30 and Belmont avenue.

John K. Mayer, jr., 80 of 113 Vennum avenue, suffered abdominal injuries when his car was struck by one driven by A. B. Snider, 292 Ohio street, yesterday afternoon on Wood street, police reported.

Police booked Snider for unsafe operation and told him to appear this afternoon in traffic court. Officers said he was driving on the wrong side of the street when his car struck Mayer's. They said Mayer had pulled off to the side of the street in an attempt to avoid an accident.

Mrs. H. W. Kothenbeutel, 60, of Sheffield, Iowa, was reported in "satisfactory" condition today at Willard Municipal hospital, where she was admitted at noon yesterday after suffering injuries when the car in which she was riding skidded on a wet pavement near Greenwich and overturned.

She was reported by the state patrol to have suffered a fractured collar bone and head lacerations. Her husband, who was driving the car, was treated for scalp lacerations and released along with the couple's son and daughter-in-law.

State patrolmen said the accident occurred three miles east of Greenwich on U. S. Route 224.

The Iowa residents were en route home from Quantico, Va., where they had gone to meet their son, recently discharged from service.

Annual Elks Picnic Set

The hidden treasure hunt will be on when Mansfield Elks hold their anual stag clam bake at GBU park, Thursday, Sept. 26, at 2 p. m., rain or shine, O. C. McCormick, secretary, said yesterday.

There'll be plenty of fun for all, with entertainment furnished by a comedy-quartet. Feature of the evening will be the treasure hunt, at 5 p. m. with 10 prizes going to the winners.

Dinner of clam broth, fried chicken, corn on the cob, and the Elks special salad, served at 6 p. m. will round out the day's festivities.

Committee members for the event are: E. W. Sutter, J. M. Buchanan, E. J. Houston, C. L. VanDerau, C. H. Bollman William Miller, Kenneth Sloan, Robert Hayes, Louis Piller, O. I. Oliverson, O. C. McCormick and Willis Park.

Takes Ashland Church Post Oct. 1

Rev. Richard L. Smith, son of Mr. and Mrs. Edward Smith, sr., 230 Saxton road, has resigned as pastor of the West Carrollton Lutheran parish to accept the newly-created position of associate pastor at the Trinity Lutheran church, Ashland, beginning Oct. 1.

Rev. Smith is a graduate of Wittenberg college and Hamma Divinity school, Springfield. His first pastorate of two years was served in Constantine, Mich., while the West Carrollton post was served for four years.

A native of Mansfield, Rev. Smith was a member of the First Lutheran church as a resident of this city.

GET 'Y' DATA

Boys Asked to Meet Friday to Hear of Program.

A mass meeting for all boys aged 8-15 interested in the winter YMCA recreation and sports program will be held at 4 p. m. Friday in the "Y," it was announced today.

Both members and non-members have been invited to attend the meeting during which general information on the winter schedule will be given and registration will be opened for membership and participation in "Y" activities.

Regular swimming and gym classes will be resumed Monday, Don Cram, program secretary, said today.

Dentists Set Up Winter Program

Mansfield Dental society began its series of fall and winter meetings Monday night at the Mansfield-Leland hotel with a talk on "Vitamins and Thrombin," given by Louis P. Jisa, sales representative of the Upjohn company. He explained the development of a new method of hemorrhage control developed during the war.

Dr. A. D. Smith presided at the meeting. Committees were appointed for the year, and the program of the Mansfield Dental Clinic association, for the care of teeth of the indigent was worked out.

NURSE SLAIN IN HOSPITAL

Mystery Assailant Invades Indianapolis Home.

INDIANAPOLIS—(U.P.)—A student nurse was slain today and another injured by a mysterious assailant who attacked them in a convalescent home of the James Whitcomb Riley Memorial hospital.

Miss Alberta Green, 20, Mt. Carmel, Ill., was killed by blows on the head as she walked in a hallway within a few feet of three sleeping children.

The wounded woman was Miss Betty Overdeer, 20, Indianapolis.

A maid, Miss Ozella Allen, said she heard screams and saw a man with a white handkerchief tied across his face run toward an exit.

Miss Overdeer, daughter of an Indianapolis minister, said she heard a noise in the main lobby and saw Miss Green lying on the floor.

"I thought she had fainted," Miss Overdeer said. "I ran to her. When I leaned over to pick her up, I saw blood streaming down her face. Then someone struck me on the head. That's all I remember."

Firemen Ask 48-Hour Week

TOLEDO—(U.P.)—The International Association of Fire Fighters (AFL) had adopted a resolution today that proposed a work week for firemen not to exceed 48 hours. Another resolution adopted yesterday sought income tax reductions for firemen in the contention that fire fighters work for 24 consecutive hours, making it necessary for them to eat three meals at their respective stations.

43 DISABLED VETS GET JOBS

Placements in City Area Climb to 223 Total.

Placement of disabled veterans by the Mansfield office of the Veterans Administration last month totalled 43 for the area, G. D. Weidemaier announced today.

Weidemaier, who heads the Mansfield sub-regional VA office, said that last month 19 disabled veterans were placed in trades and industry, 21 in business and sales jobs, and three in agriculture.

"Since the local office was opened, its personnel has placed 223 disabled vets in training in the 10-county district served by the Mansfield office, and has recorded 1,492 non-disabled veterans in training under the GI Bill of Rights.

Throughout the Cleveland regional VA district, including 38 counties in northern Ohio, 31,416 veterans were enrolled in school, or training on the job, as of Sept. 1. Some 114,746 are eligible for education and training among the non-disabled while 17,460 disabled are eligible for the vocational rehabilitation program, under which 4,115 are currently receiving benefits.

GI loans for the purchase of homes, farms and businesses jumped from $14,045,368 to $25,953,965 during August, due to an increase of 2,097 new loans made by private financial institutions. Of this total the VA is committed to guarantee $12,489,105.

Approval of 3,790 awards increased the number of veterans receiving compensation payments for service-connected disabilities to 67,787 throughout the state by Sept. 1.

RINGS STOLEN

Burglars Get Jewelry Valued at $1,185 at Galion.

GALION — Police today continued their investigation of yesterday's burglary of the National Mailing Service where thieves, breaking a plate glass window with a rock, stole men's rings valued at approximately $1,185.

The burglary was discovered by Millard Klahn, a passerby, at 6:43 a. m. He notified police. Seven rings were taken from display cases, Russell Post, store manager, said after checking the merchandise in the window.

Paul Martin, Mansfield police identification officer, was called by Police Chief James L. Martin, and a few prints were taken from the shattered pieces of glass.

Dr. Green Attends Church Session

Dr. John D. Green, superintendent of the Mansfield district Methodist churches, is among 565 district superintendents attending a crusade for Christ planning conference in Grand Rapids, Mich., this week. All bishops resident in the United States are in attendance.

Speakers will include David E. Lilienthal, chairman of TVA; Bishop J. Ralph McGee of Chicago and Bishop Fred P. Corson of Philadelphia.

Laff-a-Day

KNOW HIM?

Richland county Red Cross officials were still trying to locate a Mansfield resident named Nick Mihailoff today in order to give him a message forwarded to them from Bitolia, Macedonia. The message forwarded to the Richland county Red Cross is addressed to Mihailoff at 278 West Sixth street, but a check revealed that no one by the name lives there. Now the Red Cross has issued an appeal to anyone knowing of Mihailoff's whereabouts to call the chapter house, 1494-6

BIG CROP SEEN AS KEY TO END MEAT FAMINE

August Dry Weather Shaves Corn Crop 125,000,000 Bushels.

WASHINGTON —(AP)— The agriculture department today announced these estimates of Ohio crop production:

Corn — 185,612000 bushels, with average yield of 49 bushels an acre.
Oats—67,050,000 bushels, with average yield of 45 bushels an acre.
Potatoes—6,552,000 bushels.
Soybeans—18,069,000 bushels.
Apples—2,835,000 bushels (commercial production).
Burley Tobacco—15,960,00 pounds.

* * *

WASHINGTON —(U.P.)— An agriculture department official said today the prospect of record food and feed crops this year may spell the beginning of the end of meat "famines" in the United States.

"There isn't any incentive to feed corn at present high prices to $18 25 hogs," he said. "But next winter when corn is down to $1.25 or $1.30 a bushel hogs at that price will bring a good profit."

* * *

WASHINGTON — The biggest harvest in the nation's history is in prospect, although dry weather in August shaved 125,000,000 bushels off the anticipated record corn crop.

Reporting this in a September crop survey, the agriculture department said yesterday that grain supplies for livestock feeding will be the largest in 27 years.

And, unless foreign demands turn out to be larger than now indicated, it may be possible to increase the amounts of grain allotted for whisky making, department officials told reporters.

The corn crop was estimated at 3,371,707,000 bushels, compared with the previous record crop of 3,203,000,000 produced in 1944, with 3,018,410,000 harvested last year and with a 1935-44 average of 2,608,499,000.

The largest quantity of bread grains in history also is in prospect. Topping the list is a record wheat crop of 1,167,000,000 bushels and a near record rice crop of 69,629,000 bushels.

Other crops for which record or near-record production was forecast included tobacco, pears, peaches, plums, truck crops, peanuts, grapes, cherries, and sugar cane. Average or better than average crops of hay, soybeans, dry peas, prunes, apricots and sugar beets.

PASTORS PLAN YEAR'S PROGRAM

Committees Named at Meeting of Ministerial Group.

Committees had been named today to plan the year's program of the Richland County Ministerial association. Appointments were made by Rev. C. A. Portz, pastor of St. Mark's Lutheran church, president of the association.

Rev. Matthew Madden, Rev. C. P. Mitchell, Rev. Samuel U. J. Peard, Rev. David N. Roller and Rev. Charles Stoneburner will plan the monthly programs, while the civic committee will be comprised of Rev. Charles F. Sheriff, Rev. Ben Hagelbarger, Rev. A. J. Payne, Rev. A. L. Lindbeck and Rev. J. F. Stewart.

Youth work will be planned by Rev. F. H. Eckert, Rev. James Davey, Rev. John D. Green and Rev. Willard Shawk. Rev. J. Campbell White, Rev. A. L. Linder and Rev. A. H. Perry will form the committee on Old People's Home.

All public relations will be handled by Rev. Roller and Rev. Herman L. Gilbert.

Members of the association, who held their first fall meeting Monday, heard R. V. Hoover and Hobart Casheil, representing the Gideons society, explain the plan to present copies of the New Testament to pupils in the junior and senior high schools this fall.

The next regular ministerial meeting will be held in the public library Monday, Oct. 7.

Putting More Lime on Land

Lime, which sweetens acid soils, is going on Richland county fields in unprecedented amounts, according to county Triple-A records.

Deliveries, as of Sept. 1, had increased 1,500 percent over last year, with 21,905 tons ordered and most of it delivered, Guy L. Taylor, Triple A chairman reported.

The county Triple-A committee has approved the purchase of 48,677 tons of lime for Richland county farms as one of the numerous soil conservation practices being conducted by the Agriculture Conservation association.

STRIKE HALTS ROAD WORK

CHILLICOTHE —(AP)— Twenty-four truck drivers struck yesterday, halting resurfacing of a 6.3-mile section of U. S. Route 35 southeast of here. The drivers demanded the discharge of Lester Lamb, superintendent for Brewer & Sons, Inc., a highway contractor, at the company's concrete mixing plant at Stony Creek.

SPORTS ROUND UP

By HUGH FULLERTON, JR.

SPRINGFIELD, N. J.—(AP)—On the scoreboard in the press room at Baltusrol, there's a printed slip saying: "The legend of Baltusrol: Murder on the Mountain." . . . Except for the fact that the championship course is down at the foot of the hill, that would describe last night's sudden death playoff with those vicious dive bombers known as Jersey mosquitoes attacking contestants and gallery. . . . It isn't surprising that such notable golfers as ex-champion Johnny Fischer and 1941 semi-finalist Bobby Riegel were eliminated.

SHORTS AND SHELLS

George Hamer, Georgia's intercollegiate champion, spent a week tuning up for the current national amateur golf by playing against Bobby Jones in Atlanta. Jones, we found out all about Baltusrol 20 years ago, picks big George as the real comer among the younger golfers.

Galion Lineup Announced

GALION—The starting line-up for the Galion high school Tigers' opener Friday night at Tiffin against the Calvert high gridders, was announced today by Coach Ed Rannow.

Six of the seven lettermen Coach Rannow had for a team nucleus, will be able to travel to Tiffin. McManes will be out of the game on injuries.

The line-up follows: Jim Fendrick, quarterback; Don Rogers, halfback; Harold "Chunk" Ramsey, fullback; Leon Tuscan, halfback; Lynn Heskett, Dick Eichler, ends; Morris Riter, Dick Beck, tackles; Don Heskett and Dick Britt, guards; Jim Ventrone, center.

The two Heskitts, Riter, Eichler, McManes, Tuscan and Ramsey, are lettermen.

NBA Recognizes Servo as Champ

CLEVELAND — (AP) — The National Boxing association still recognizes Marty Servo as welterweight champion but he must defend his crown against Ray Robinson by Dec. 1 or abandon all claims to it.

The association took action on the Servo case in a convention session here yesterday, ruling that he was justified in withdrawing from his scheduled championship match with Robinson at New York last Friday night because of a nose injury. The New York state athletic commission ousted Servo from the championship after the withdrawal.

NBA President Abe J. Greene said the organization "took outstanding medical authorities at their word" in arriving at the decision.

Bucyrus, Tiffin Collide Friday

BUCYRUS—Attention of sports fans will be focused on Lane street field Friday night when Bucyrus high school Redmen will make their 1947 debut against Tiffin Columbian. The locals will try for their first win over the Tiffin team in a number of years.

At the helm this year for the initial performance of the team will be Al Pesek, head coach, and Don Burkey, assistant coach, who have been working out the players for three weeks. In a practice tilt with Marion St. Mary's Saturday the Redmen lost 12-12.

TYGERS TERMINATE CONTACT DRILLS

Third Annual Parent-Athlete Dinner Scheduled Tomorrow at Simpson.

By FRED THARP

Mansfield Tyger gridders conclude contact drills for their 1946 lid-lifter with the Marion Harding Presidents in a secret session tonight under the arcs at Stadium field.

Coach Paul Snyder whipped the Tyger defense into shape in rugged practices Monday and Tuesday and will send his charges through long drills in pass offense and punt protection tonight. Pre-game workouts will be terminated with a light session tomorrow afternoon.

Lettermen Ollie Cline, Ralph Majors and Joe Miller are slated to do most of the Mansfield aerial work with Cline, Bill McKee or Harold Amsbaugh, veteran end, booting the pigskin.

McKee, a sprinter on Harry Mehock's Tyger track squad last spring, has been nursing a sore leg and won't be in the starting lineup Friday. However, Snyder will use him sparingly.

Cline, Majors, Ross Frisbee and Kenny Horvath are in line for backfield starting roles. Majors was the individual star the Tygers buried Marion, 37 to 0, in 1945. He cavorted into paydirt territory three times with Cline and Horvath each contributing a six-pointer.

With 22 lettermen available, Snyder hasn't definitely decided on the Tyger starting lineup against Marion. He plans on using a lot of subs in an effort to pick the smoothest working combine.

Present plans call for Jim Sinerson and Al Henke, ends; Bob Marth and Ray Beard, tackles; Dick Gross and Dave Richards, guards, and Dave Wentz, center Marth gained all-Ohio honorable mention in '44 before joining up with Uncle Sam's marines.

End Tom Emerson and Tom Nixon, tackle, will miss the opening battle. Emerson's trick knee will keep him shelved while Nixon hasn't recovered from a severe "charley-horse."

Parents and players will be guests of the Tyger club at the third annual Parent-Athlete banquet tomorrow at 6:30 p. m. in the John Simpson junior high school cafeteria. Mothers and fathers of all varsity and reserve squadmen are urged to attend the feed and eats will be on the house.

Speeches will be held to a minimum at the informal dinner. Glenn G. Rohleder, Senior high principal, will discuss what the school expects of each player in academic work, and Snyder will explain practice methods and purpose of training rules.

Assistant Coaches Vern Hoffman, Jimmy Lymper, Fred Staub and Mehock will be introduced.

Mrs. George Hypes, supervisor of Mansfield school cafeterias, is in charge of the meal.

Following the dinner, a giant football rally will be staged at 8 p. m. at Stadium field. The public is invited and all players will be introduced. Several fans will give short talks.

Buck Gridders Rest Today

COLUMBUS—(AP)—Coach Paul Bixler gave an Ohio State university football squad riddled with minor injuries a rest today after two and one half weeks of steady drill.

End Jimmy Crane, moved to the varsity from the J-Vs only yesterday, had to quit his first varsity drill because of a pulled leg muscle.

All three varsity right halfbacks are incapacitated—Bob Bruggle with a charley horse, Alex Verdova with a bad knee, and Mike Cannavino with back trouble. Russ "Peewee" Wolfe, Upper Sandusky 160-pounder, was moved up to the first string yesterday at right half.

The Buck tacklers are also hard hit. Chuck Fazio and Mike Perrotti are nursing sore shoulders, and Jack Dawson has a broken bone in his hand.

Lions Claim Jackie Hunt on Waivers

AKRON — (AP) — The Akron Bears of the American pro league have lost Jackie Hunt, the nation's leading collegiate scorer in 1949, to the Detroit Lions of the National football league.

Hunt, who starred at Marshall college, was plucked off the waiver list by the Detroit club. He played for the Chicago Bears in the final five games, last year and was placed on the waiver list this season.

The longest elephant tusk of which there is authentic record is 11 feet, five and a half inches long, and 18 inches in circumference.

TROPHIES FOR COUNTY GOLF TOURNAMENT—Field of 76 crack Richland county golfers will vie for 30 prizes in the seventh annual tournament Sunday on the Westbrook Country club links. The tourney is sponsored by the Junior Chamber of Commerce. The Jaycees donated the two trophies shown here. The cup on the left goes to the champion and the runner-up will get the smaller award.

Shelby Opens Pigskin Season Friday at New Philadelphia

SHELBY—The Shelby Whippets make their debut under Coach Al Fendrick, former Mansfield Madison mentor, at New Philadelphia Friday night. It will mark the first time that athletic teams from New Philadelphia and Shelby have met.

The Whippets have a line that averages approximately 175 pounds per player and a backfield that tops the scales at 150 pounds.

Coach Fendrick, who resigned as field executive for the Johnny Appleseed Boy Scout area this year to accept the coaching post here, has put his team through scrimmage sessions with Bellville and Madison.

Eleven veterans from last year's team which won five games, tied one and lost three, are back to form the nucleus of the Shelby team. They are: Stanton Jones, Bill Thompson, John Hardie, Kenny Alberts, Charles Phillips, Jim Anderson, Dick Seitz, Charles Bly, Jim Reed, Jim Dick and Bill Hassler.

Coach Fendrick has not been pleased with the showing made by the Whippets in drills, but expects to have the team in top shape for the Quakers. New Philadelphia is lighter than Shelby but faster.

The entire Shelby varsity squad, positions and weights follow:

Alberts, guard, 150; Anderson, tackle, 180; Clyde Bell, end, 145; Bly, tackle, 180; Bud Clabaugh, guard, 145; Jack Coffey, tackle, 165; Jan Dick, tackle, 170; Dick, back, 165; Grant Dowds, end, 165; Leo Fackler, back, 140; Hardie, tackle, 195; Hassler, guard, 170; Dean Hoover, guard, 155; Jones, back, 145;

Bill Keiser, back, 155; Joe Korbas, tackle, 165; Ben Lay, back, 135; Al Maier, back, 150; Phillips, center, 190; Reed, back, 135; Darwin Sampsel, center, 140; Seitz, end, 175; and Thompson, back, 150.

New uniforms have been ordered for the team but have not arrived.

New London Primed for Opener Against Madison Saturday

NEW LONDON—John Swearengen, New London grid mentor, has his charges primed for the pigskin opener Saturday night against Mansfield Madison under the lights at the Rams' field.

The 'Cats handed Madison one of its two regular season losses in 1945. Madison dropped its first two contests and then went on to win six in a row.

Coach Swearengen got a good line on the New London squad in a long scrimmage session against the Ashland high school eleven last Friday night. The workout enabled the 'Cat mentor to iron out plenty of the rough spots in the New London attack.

New London had the ball in Ashland territory most of the scrimmage session and Swearengen is "high" on the 'Cats chances in games this season. Kay Gordy, speedy breakaway runner, and "Bobo" Belmer are the New London backfield aces.

Probable 'Cat starting lineup follows: White and Patcher, ends; Knapp and Harner, tackles; Greene and Howsman, guards; Weaver, center; Gordy, Lash, Belmer and Randlemen, backs.

Colonels Belt Saints, 12-0

(By Associated Press)

Pennant winning Louisville and fourth-place Minneapolis jumped to the front last night as the semi-final round of the American Association playoffs opened.

A crowd of 9,066 turned out in Louisville to watch the Colonels belt St. Paul 12-0 as Harry Dorish limited the Saints to six hits. At Indianapolis, 5,865 patrons saw Minneapolis edge out the Indians 2-1 in a 12-inning marathon.

The four clubs continue their series tonight. Winners of the seven game semi-finals will play another seven-game set for the playoff championship and the right to meet the International league titlist in the Little World series.

ST. LOUIS —(UP)— Owner Sam Breadon of the St. Louis Cardinals today denied a report that Outfielder Terry Moore would manage the Redbirds next season if his legs prevent him from playing regularly.

Riegel Blasts Par In National 'Am' Qualifier

SPRINGFIELD, N. J. — (AP)—The luck of the draw paired two of the hottest players in the National Amateur golf championship today as 64 survivors of the 36-hole qualifying grind opened match play on the Baltusrol club's exacting layout.

Skee Riegel, the Pennsylvanian who hacked eight strokes off par to win the medal with 136—a new national qualifying round — was down for an 18-hole date with Bob Babbish of Royal Oak, Mich.

Babbish came through with a 68 yesterday to finish the qualifying round in a second-place tie at 141 with Smiley L. Quick, public links champion from Inglewood, Calif.

Quick's first foe was Henry Martell, Canadian amateur champion, who was one of eight to survive a 13-man playoff after tying at 152.

The 152 needed for qualifying was three strokes below previous standards for a 64-player qualifier and it took a playoff to eliminate five of those who had that tally.

Four former winners of the tournament were eliminated. They were John W. Fischer, 1936 winner; John W. Goodman, 1937 titlist; Chick Evans, an old-timer who copped the laurels in 1916 and 1920, and Max Marston, who won in 1923.

Marvin (Bud) Ward, Spokane, Wash., who won the last National Amateur in 1941, had John Sierge, Watchung, N. J., as his first round foe.

Howard Everitt of Philadelphia was paired with Willie Turnesa, 1938 champion.

Frank Stranahan, Toledo, Western Amateur champ and a pre-tourney favorite, plays Bruce McCormick, Los Angeles fireman, in the opening round.

Grays Still County Victors

Protest against the Mansfield Grays in the recent Richland county baseball tournament was disallowed in a meeting of managers and players last night at probate court.

American Legion Post 72 had protested that Pitcher Ralph Hoff was ineligible to compete in the tourney. Hoff pitched the Grays to a 5 to 1 victory over Post 72 in the semi-finals. The Grays won the tournament by defeating the Shiloh Lions, 9 to 2.

Bob Carter, manager of the Legion nine, had protested that Hoff had played professional ball, was not a resident of Richland county, and had never appeared in the Grays' lineup. No evidence was brought forward to substantiate the charges.

Carter did not appear at the meeting.

Judge S. H. Cramer presented the "Cramer trophy" to Red Hamman, manager of the Grays, during the meeting last night.

GIANTS TRIM NEWARK IN OHIO STATE PLAYOFFS

SPRINGFIELD, O.—(AP)—The Ohio State league's post-season play-offs began here last night with the Springfield Giants, pennant winners, trimming fourth-place Newark 8-5.

The Richmond Roses, third placers, were prevented by rain from opening their series at Zanesville with the second-place Dodgers.

CARBETTA READY FOR LEWIS FIGHT

Paul Hopes to Flatten Dayton Boxer In Ten-Round Headliner at Armory.

Paul Carbetta concluded workouts yesterday for his important ring engagement with Dayton's Dick "Teddy" Lewis in the Mansfield Armory tonight.

The star-studded fight show gets under way at 8:15 p. m.

Promoters Rex Reese and Sam Miller have lined up thirty rounds of boxing for their fifth Mansfield show and three local boxers will see action. Carbetta fights in the ten-round headliner with Dick Alexander and George Kerestes appearing in six-rounders.

Tonight's battle may be a turning point in Carbetta's career. The Mansfield featherweight has copped 18 of 20 pro fights with Lewis taking both decisions.

Lewis decisioned Paul in a six-rounder in Chicago before the war and duplicated the feat in ten rounds here this summer. Paul has been pointing for a kayo win over Lewis.

Reese has promised Carbetta a shot at the Ohio feather crown if he can redeem himself against Lewis tonight.

Alexander, a welterweight, tangles with Dan Pinto of Delaware in the semi-windup while Kerestes meets Woody Lowden of Columbus. Alexander has won four straight pro battles.

Kerestes has won three straight fights after dropping his first professional encounter. A wild swinger, Kerestes is in the best shape of his career and figures to give the clever Lowden quite a battle.

Joe Brown, Lakeville light-heavy, meets Jimmy Smith of Dayton in one of the four-round matches. Brown is fighting out of Mansfield and has an impressive amateur record. The husky belter copped the Kentucky and St. Louis Golden Gloves and AAU crowns this spring. Smith's pro record stands at 10 wins and one defeat.

Freddie Tibbs, 135-pounder, meets Ben Parks in the four-round curtain raiser.

Officials for the show are Dick "Honeyboy" Jones and Bill Harry, referees; Paul Snyder, Jimmy Lymper and Sam Morgan, judges and Sam Fox, timekeeper.

Tickets are on sale at the City News, Park Avenue News, Saprano cigar store, Ritz club and Dick Jones' club.

Old Timers Tie Stars In 7th

Challenge softball series between the Old Timers and All Stars will start again tomorrow at Johns park at 5:30 p. m.

The two clubs opened the three-out-of-five game set last night by playing a 5 to 5 tie in a game that was called because of darkness. Both teams played heads up ball in the contest.

Bob Shade's pinch single in the last of the seventh set the stage for the tying tally. Shade scored on Harry Ross' single after two were out.

All's Quiet In Brooklyn Bullpen; Melton Goes Route to Blank Reds; Cards Top Phils

By JACK HAND
(AP Sports Writer)

All's quiet in the Brooklyn bullpen where the over-worked relief artists have been squatting for a week, watching in wonder as five straight starters have gone the route.

Not since Sept. 3 when Kirby Higbe faltered in the eighth against the Phils has Coach Chuck Dressen felt the urge to wig-wag for help. Hugh Casey, Art Herring, Hank Behrman and Ralph Branca must feel they have been on a seven-day vacation in the midst of the flag fight.

It couldn't happen at a more opportune time as far as Manager Leo Durocher is concerned for the scrappy Brook skipper has been trying to restore a semblance of order to his pitching staff with the all-important St. Louis series opening tomorrow.

Rube Melton's three-hit, 8-0 shutout over Cincinnati yesterday may have clinched him a day's work against St. Louis, because he beat Howie Pollet last time the Red Birds were in town.

The Dodgers drove Ed Heusser from the hill in the second inning.

St. Louis held tight to its two-game lead by mowing down the Phillies, 4-1, in a night game witnessed by 30,085 fans. Harry Brecheen, now finding his stride after a wobbly start, allowed only six hits in defeating Blix Donnelly, a former teammate on the 1944 world series winners.

The Boston Braves took out after the third-place Chicago Cubs and hammered them into submission, 10-2. Johnny Sain's 17th victory left the Braves only 3½ games behind the Bruins.

Pittsburgh took first blood in the cellar series with New York, dumping the Giants, 7-4, to leave them only four points removed from last place. Al Gerhauser's two-hit relief pitching job over the last 7⅓ innings featured.

The Boston Red Sox had to postpone their pennant clinching celebration for at least one more day when they fell before Detroit, 9-1. A win over the Tigers today would give Boston its first flag since 1918.

Detroit took over second place by three points over New York when the Yankees were beaten at Cleveland, 4-2. The loss eliminated the Yanks' last mathematical possibility of tying the Red Sox.

Two home runs by Gerry Priddy on successive at bats helped Washington down Chicago, 4-2, giving Marino Pieretti a decision in his first starting chore of the season. St. Louis kept alive its hopes of topping the second division by trimming Philadelphia, 5-1.

COURT ORDERS MONTHLY HELP

Father Must Pay $60 Month to Support Children.

MILLERSBURG — In Holmes county common pleas court, the court reviewing the case of Esther Fortune vs. James Fortune, ordered the defendant to pay $60 a month for the support of two minor children.

Forty dollars of the money is to be paid to Daisy Holderman with whom the children live, and the remainder of the money is to be held by the clerk of courts. It will be applied to the children's support as the court may order.

Custody of a daughter, Betty, 12, was given to Mr. and Mrs. John T. Weaver, Millersburg, R. D. 1, and custody of Neoma was given to the Rev. and Mrs. Fred Zuagg.

The divorce action of Gloria V. Mullet vs. Chester O. Mullet, both of Killbuck, has been dismissed at the request of both parties.

Effie R. Fleming was granted a divorce from John R. Fleming on grounds of gross neglect. Custody of their child, Ova Faye Fleming, was granted to the mother with reasonable visitation privileges for the father. He is to pay $25 monthly for her support.

Lela Rottman was appointed guardian of Billy, Mary Jean, Jack, Margie and Thomas Rottman, all minors.

Inventory and appraisement of the Clifford Hyatt estate by Ada V. Hyatt, executrix, showed a total of $37,000.

The court appointed Bonnie Siegenthaler to administer the estate of the late Frank Mohler.

Inventory and appraisement filed in the estate of the late Emma Hall by Hallie Hall Mowrey, executrix, has been approved.

James Nelson Jones, 24, Shanesville, and Ruth Keller, 23, Millersburg, made application for a marriage license.

Resurfacing Will Start In October

SHELBY—Resurfacing of Main street will get underway the first week of October and will make way for the Street Fair to be held in Shelby on Main street September 25 through 28, according to Mayor Frank C. Long.

The business section of Main street is the first of a series of resurfacing of state highway routes planned by the city council and the state.

SEEK VETERANS AID

ASHLAND—In partial answer to the current veterans' housing problem in Ashland county, county commissioners yesterday filed a request with State Treasurer Don Ebright for a $25,871.46 share in the $6,000,000 recently appropriated by the state legislature for GI-housing projects.

AH!! GOOD NEWS!!
Yes there's good news is the making — it's coming soon—and it's for you—you're going to like it—it's something you can use to good advantage — watch for KOBACKER'S announcement of their new venture — it's just for YOU!!
KOBACKER'S

"What this country amounts to... depends on what happens to its homes"

"We came from homes, we live in homes, we plan to have homes—nowhere are our deepest personal interests more involved than in the problem of the family.

"And when we step outside our individual concerns and consider the nation, it grows daily more obvious that the real battleground for the moral life of America is the family.

"After all, what this country will amount to ... depends on what happens to its homes."

Families that stick together ... work together ... stand together against the disruptive influences of our time ... Today, more than ever before, America needs such families!

In the wake of a great war, our country *needs* the strength of family solidarity ... of family happiness.

And what is family happiness? It is many things, big and little, spiritual and material. It is a knowledge that the welfare of the family is taken care of ... that unexpected emergencies can be met ... that the family income is being sensibly spent. Experience shows that the happiest families are those which manage their money wisely, regardless of the size of income.

Family happiness has to be planned

Freedom from financial worry rests, for almost everyone, on planned spending and systematic savings. These two things provide a foundation for the peace of mind which all of us desire.

Here is an excellent way to begin your plan for family happiness:

First: provide in advance for payments coming due such as rent, taxes, mortgage charges, life insurance and other insurance. The easiest way is to bank the small amounts each payday that will add up to the larger amounts when due.

Second: deposit something *extra* in the bank until you have built up a fund for emergencies.

Then you know just what you have to spend on the everyday family needs such as food and clothing, and for recreation—and what you can afford to set aside for such family plans as a new home, education, travel ...

Because life insurance companies and their agents have long helped people to plan for family security and happiness, they are conducting a program of public information regarding some of the more common problems of family life.

Advice from the most reliable sources will be offered on subjects close to the family heart, such as how to share the family income, how to plan for your children's future, how to plan for tomorrow's home, a business of your own ... one such topic will be treated at regular intervals in this newspaper. *Watch for these family messages.*

This program of information is offered as a public service to the 71,000,000 owners of life insurance and to every American family.

CITY'S BONDED DEBT LISTED AMONG LOWEST

Mansfield Ranked With 13 Smaller Cities With Good Financial Marks.

Mansfield was one of 13 smaller cities throughout the country singled out yesterday by the Commerce department for mention because of its low municipal debt.

The city's $142,000 bonded debt was among the lowest of cities in the 25,000-to-100,000 population category, the department announced.

Long-term debts of the 13 cities as of Dec. 31, 1944, ranged from $26,000 in Fond du Lac, Wis., to $166,000 in Norwood, O., the United Press reported.

Since 1944, however, Mansfield has issued $800,000 in waterworks revenue bonds. They will be paid off with water department income, and won't require a special tax levy.

Other cities in the small population group with low municipal debts were: Cleveland Heights and Marion, O., Lebandon, Pa., Rochester, Minn., South Gate, Calif., Lansing, Mich., Wyandotte, Mich., Bakersfield, Calif., La Fayette, Ind., and Melrose, Mass.

Kalamazoo, Mich., was 'the only city with a population of more than 25,000 which was free of debt at the end of the 1944 fiscal year, the commerce department announced.

In the 100,000-to-250,000 population group, Peoria, Ill., had the lowest long-term indebtedness: $1,157,000.

In this population group other low-debt cities included Canton, O., Fall River, Mass., Scranton, Pa., Lowell, Mass., South Bend, Ind., and New Bedford, Mass.

Long-term debts for these cities ranged from $1,157,000 for Peoria to $2,973,000 for New Bedford.

Milwaukee had the lowest long-term debt of any city over 250,000 population—$3,313,000.

calling for keen eyes and steady hands, both clubs were neck and neck. Kiwanian D. P. Smith, with 28 putts, was closely followed by Rotarian Verne Lawrence, with 29.

"Blind bogey" prizes were won by Dwight Smith, Wesley G. Carr, J. L. Eberly, Willis Carto, Lowell Bourns, Milo Hieber, N. S. White, Carl Oberlin, Leo W. Birch, Floyd Dent and Ted Culler of Kiwanis, and Glenn Schooler, Earl Black, Fred Hout, H. B. Soulen and John Cook of Rotary.

Sweeping to victory in the bridge tourney, Rotary was led by H. G. and Martin Brunner, father and son, who took first prize. Second also went to Rotary although half the team was Kiwanis, as Rotarian Dr. F. J. Heringhaus was teamed up with Kiwanian M. D. Ward, jr., who played for Rotary. Rotarians William E. Weldon and Brig. Gen. Frank P. Lahm took third prize while Kiwanian J. H. Hoffman teamed with guest Henry A. Johnson from Los Angeles to take fourth.

Committee chairmen who reported "rain or shine, the show went on," were H. S. Jones, Rotary, and Ralph Ide, Kiwanis, for golf, and Hiram Caldwell, Rotary, and Emerson Weller, Kiwanis, bridge.

BOARD PICKS GRACE STREET SCHOOL SITE

Part of Land Has Already Been Purchased, PTA Learns at Meet.

(Continued From Page 1)

locations, cost of property and purchasing," Supt. Miller explained. "Experience has shown that school buildings boost the value of the property around them."

Last night, some parents in the Newman district voiced their disapproval of the new site by terming it "shacktown" and complaining that "environment of the new site was not suitable for a public school building."

"We were told last fall that if the bond issue passed for the schools we could choose the site for our schools," one parent said. "Nothing was said at that time that a new site for Newman school would be purchased. We understood that the new school would be built on the present location with the addition of some land to the east of the building."

* * *

Reveals Plans.

The site of the new building was disclosed to PTA members last night by Robert O. Hartmann, Newman school principal, after several members of the group said they had "heard" that land was being purchased on Central avenue for the school building last week.

"Why weren't we notified of the school board's decision before property was bought? Don't we have anything to say about it?" one parent asked.

Supt. Miller said today that neither he nor any member of the school board had been asked to the Newman PTA meeting last night. A few parents last night hinted that a petition, protesting the new site, might be drawn up.

Harold W. Arlin, president of the school board said today that as far as he knew there had never been a formal hearing by the school board on the new site.

The move to get a new site, he said, was made on the verbal recommendations of those persons present at the meeting.

"We haven't notified the people in that district of the new site because we don't have it all purchased yet," Arlin continued. "Last fall we told them that the selection of a new site would be based upon their recommendations."

W. C. Statler, city engineer, said that the area in which the site for the new school is being purchased was taken into the corporation limits last year. Statler said that eight-inch sewers in the area are still being paid out, but that no water lines have been laid because of the shortage of pipe. There are no street improvements in that area, Statler added.

Delegation Goes To GOP Session

Mayor Roy W. Vaughn headed a group of 15 or 20 persons from Mansfield who were in Columbus today attending the opening of the state Republican convention at Memorial hall.

Among the others from here were four delegates from the county. These were: Mrs. Elizabeth P. Grubaugh, president of the Richland county Federation of Republican Women; Harry Hawley, clerk of the county election board; Earl A. McFarland and Atty. John L. Catlett.

74 TAVERNS 'DRY'

CINCINNATI—(INS)— Seventy-four taverns in the Greater Cincinnati area were forced to suspend liquor sales today. Hamilton county common pleas court refused to enjoin enforcement of a 61-year-old law forbidding sale of liquor within two miles of an agricultural fair. The Carthage fair opens today.

Youth Sentenced To Reformatory

Frank H. Schaub, 17, Shelby, was given an indeterminate sentence in the Mansfield reformatory and his 14-year-old sister was given a suspended sentence to the Girls' Industrial school in Richland county juvenile court yesterday, on charges of juvenile delinquency, covering a period of two years.

Judge Stuart H. Cramer suspended the girl's sentence on the condition that she attends church and school regularly.

She was also removed from her home and placed in the custody of a sister who must report to the court regularly. Her mother was directed to pay $5 a week toward the girl's support.

PAYMENTS HELD UP

COLUMBUS—(AP)—Payment on all vouchers issued by the state conservation department has been held up by State Auditor Joseph T. Ferguson, pending investigation into the political affiliation of member L. P. Reese of Scio. Ferguson said he has been informed Reese is a Republican, although appointed by Gov. Frank J. Lausche as a Democrat. If Reese is a Republican, Ferguson said, the commission is illegally constituted.

MANSFIELD, OHIO, WEDNESDAY, SEPTEMBER 11, 1946

Maine has gone Republican again—and if that is news, make the most of it.

American democracy in action is sometimes presented as an example to the world, but, under present conditions, the world should be advised: "Don't look now."

"Thirty-six years to grow—36 seconds to destroy," was the comment of a woman as she looked at a tree which she had nurtured for more than a third of a century but which had been destroyed when hit by a recklessly driven car.

Domestic 'Peace Conference' Needed

DISCOURAGEMENT over slow progress being made at the Paris peace conference is little more keen than is justified by the determined efforts of organized labor minorities to enforce their will upon the government and majority of the people in this highly touted democracy.

The strike of maritime workers is against the wage ruling of an agency of government; the strike of truckmen in the New York City metropolitan area is for higher wages; the temporarily averted strike of a few thousand electrical workers in the Pittsburgh area would have seriously affected a million and a half people.

For more than a year—ever since V-J day—the country has been plagued by work stoppages due to dissatisfaction of employes with wages, working conditions, or because of jurisdictional strife among antagonistic unions.

The government has tried, under fumbling New Deal policies, to readjust the national economy in such a way as to satisfy all union labor demands—as a political expedient.

First thought of the Henry Wallace school of visionary economics was to do this without raising commodity prices to consumers—but the fallacy of this idea was so quickly demonstrated as to bring a complete backdown, with immediate resort of price increases which ate up original wage boosts and brought calls for more pay to meet higher living costs.

As the situation now stands, whatever is asked for in the way of wages can be justified by the upswing of prices of necessities, to say nothing of such "luxuries" as automobiles, electrical appliances, and the like.

Those who are so unfortunate as to find it necessary to buy a home at this time, in order to get a place to live, must adjust to the disagreeable situation of paying at least double actual value of a property—and then have no assurance that a newly-built house will be habitable for more than a few years.

What are sometimes called "the complexities of modern living," with the welfare of 135,000,000 people to be considered, appear to have become too complex for human solution—or at least for solution by either politically motivated people or directors of the policies of minority groups acting only in self interest.

A national "peace conference," designed to bring order out of the chaos now existing in this country, might at least throw greater light on what strikers and prospective strikers want; whether or not their demands can be met, and how best to proceed in contributing to the general welfare, rather than continuing to give preferential treatment to organized and aggressive minorities.

That 'Bloody Six-Mile' Speedway

DECISION by the state highway department to establish a 35-mile speed limit on a stretch of the Ashland road from Mansfield city limits to the Ashland county line is a sensible move in the interest of greater safety on what has become known as "the bloody six miles," due to the frequency of accidents in that area.

This stretch of road has become a notorious speedway on which wild driving by reckless nitwits has made motoring hazardous for everyone who has occasion to go in that direction.

While the 35-mile speed limit may seem unnecessarily drastic to some drivers, it should be taken into account that this limit will make it easier for highway patrolmen to sustain a speeding charge against offenders who have been accustomed to tear along that highway at 60 to 75 miles an hour—sometimes to their own death!

Now for sufficient enforcement to discourage speedsters—and with publicity that will warn others that the 35-mile limit is intended to be observed, not ignored.

Central American Independence Day

NEXT SUNDAY is to be observed as "independence day" by five Central American republics—Guatamala, Honduras, Salvador, Nicaragua and Costa Rica, marking their 125 years of freedom from Spanish rule.

It was in 1821 that the forebears of the 8,000,000 inhabitants of these republics proclaimed their independence, forty-five years after the example had been set for them by our own colonial ancestors.

For a time the five states were united, but within a dozen years the feeble bonds were dissolved and separate republics established—as was the idea of a group of southern states when the Civil war was precipitated in this country.

According to a bulletin of the National Geographic Society, civilizations of Central American Mayans and other Indians reached a peak a thousand years ago, but as the Spanish pushed into the region some Indian remnants disappeared.

Most farming in the Central American republics is still primitive, with mine and forest resources little touched, but steamship and airplane lines are bringing these areas closer to United States trade, and a 3,300-mile inter-American highway through Mexico and Central America to South America has been completed, except for short stretches—so our neighboring republics will not seem as remote as heretofore.

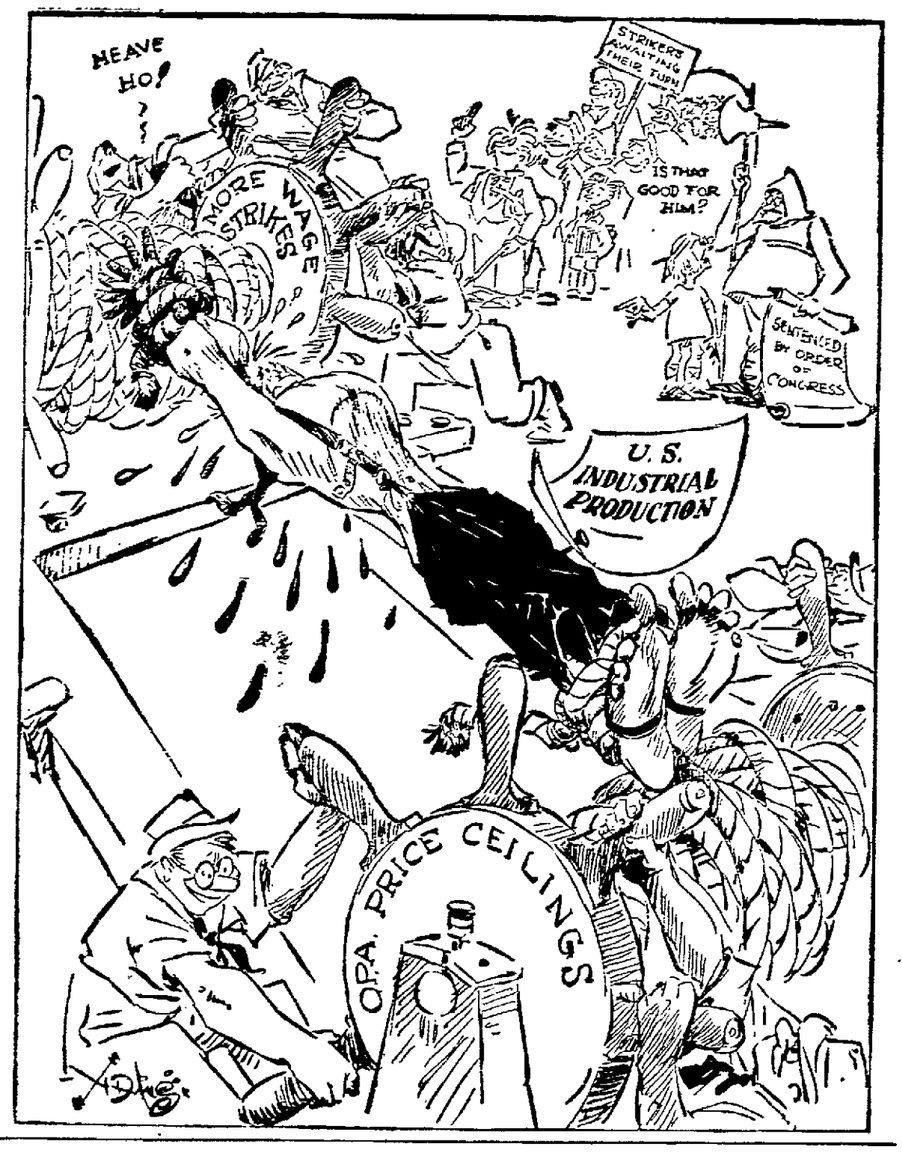
Less Conspicuous Hearing Aids

IT IS DIFFICULT to analyze why people are more reluctant to wear hearing aids than spectacles. One admits a deficiency of the ear, the other of the eye. Nevertheless, many persons who are hard of hearing are sensitive about auditory instruments.

American inventiveness is making mechanical ear-aids less and less conspicuous. This presages an inestimable boon to mankind, for there are more sufferers from impaired hearing than is generally realized.

It appears that this is what the Washington bureaucrats call "planned economy"—how do you like it?

THE REFORMATION—1946



Bungling of Wage Negotiations Real Cause of Maritime Strike

By DREW PEARSON

WASHINGTON—Inside fact on the jumbled maritime strike is that both the AFL and the CIO maritime unions could have had a $22.50 monthly increase as early as last June if there hadn't been friction between two powerful labor leaders—Harry Bridges of the west coast longshoremen and Joe Curran of the Maritime union.

What happened was that last May Secretary of Labor Schwellenbach and Granville Conway, war shipping administrator, had a talk with Hoyt Haddock, Washington representative for Curran's CIO Maritime union. Both agreed that the seamen were entitled to a substantial wage boost. The tentative figure of $30 a month was mentioned, with time-and-a-half for work over 48 hours.

Haddock later sent a telegram to both Bridges and Curran reporting this, and to his amazement got a hot wire back from Bridges telling Haddock to mind his own business. Bridges even told Haddock to go back to Schwellenbach and Conway and inform them to disregard their previous conversation. This Haddock did.

Labor Retreats.

Later, when the CIO maritime strike was called, public reaction flared. The railroad strike had occurred only a short time before and congress was seething with labor resentment. The Case Bill was under discussion and labor leaders knew that if the CIO Maritime unions went out on strike, drastic anti-labor legislation not only would pass congress but would not be vetoed by the White House.

So in the end, CIO leaders settled for $17.50 a month increase. This was far below the $30 figure tentatively discussed by Haddock with Schwellenbach and Conway before Harry Bridges had wired him to mind his own business.

On June 26, just twelve days after the $17.50 award was fixed, Captain Conway, who, as war shipping administrator, operated 70 per cent of the nation's ships, completely ignored the $17.50 for the CIO and agreed to $22.50 for AFL seamen.

Obviously this means bitter war between the CIO-AFL rivals. Also it meant trouble with the Wage Stabilization Board, which had just set the increase at $17.50. However, Mr. Conway blundered ahead just the same.

So later, when the Wage Stabilization Board scaled down the AFL's $22.50 to the CIO's $17.50, the AFL struck. The whole tie-up could have been avoided by a little more government foresight—largely on the part of Captain Conway.

Soviet Giveth and Taketh.

Final decision for the Jimmy Byrnes speech on Germany was imparted to high officials in Washington about 12 days before he made it. The suspicion is that the Russians learned about it at the same time.

Byrnes phoned President Truman about 12 days in advance, told him the Russians were on the rampage, that nothing could be done to satisfy them. He therefore proposed that the United States and Great Britain try to set up a German government which could be won over to democracy and which could serve as a bulwark against Russia.

President Truman, who has come to put complete trust in Byrnes' judgment, agreed.

Whether or not the Russians tapped the trans-atlantic phone, or whether they had other ways of knowing what was going on is anyone's guess. Maybe it was just coincidence.

Anyway, it was shortly after this that Foreign Minister Molotov made his sudden, mystery flight to Moscow. Simultaneously, inspired stories began to leak out of Poland that Russia would take Silesia away from Poland and give it to Germany. Obviously this was German-bait to counteract the offers Byrnes was going to make to Germany.

If Russia goes ahead with this policy of "the Soviet giveth and the Soviet taketh away," it will cause the toughest showdown so far experienced between Moscow and Washington.

The categorical Byrnes-Truman position is that the Soviet can neither "giveth nor taketh" without the consent of its Allies, that Germany's boundaries are to be decided only at the final peace treaty which Russia so far has refused to call.

Radio Trust-Busting.

The Federal Communications commission's attempt to break the radio boycott against "frequency modulation" at last has received help from the International Ladies Garment Workers.

FCC has suspected radio-set manufacturers of ganging up against new FM radio (which supplies a clearer signal) because they wanted to sell as many standard radio sets as possible before FM got really started.

However, the Unity Broadcasting company, owned by the Ladies Garment Workers, has made a deal with a radio manufacturer to put out 25,000 combination FM-standard sets by Christmas. The union will spend $1,000,000 to purchase these sets for distribution to members.

Note — The Ladies Garment Workers have received grants to operate FM radio stations in Chattanooga and St. Louis, with applications pending in New York, Boston, Philadelphia and Los Angeles.

Texas Meets the Issue.

Texas has declared war against Little Caesar Petrillo. We can think of no match the country will take greater enjoyment in watching.

It all started when the music czar issued an edict against the appearance of the Mexican Tipica orchestra at the state fair in Dallas.

The Texans had invited their neighbors to come across the border, not only as a good-will gesture, but because they enjoy the Mexican brand of music.

They look upon the interference by Petrillo with the same degree of tolerance they would observe a rank stranger inserting a thumb in their drink of liquor. They insist firmly, and quietly, they're going to have the Mexican Tipica orchestra, which leaves the next move up to Mt. Petrillo. And we guess it will not be into Texas—at least not in person.—Ohio State Journal.

"Accessory" Racket Thrives In Detroit.

DETROIT — Despite its autocratic position in the automotive world, this Michigan mecca for motorists remains an amazingly average American city as far as black market business in cars is concerned.

That is to say, there appears to be comparatively no more or less of such under-the table auto dickering in Detroit than elsewhere in the land.

Several factors have kept overprice peddling from getting out of hand. For one thing, not nearly all the cars which originate in Detroit plants are assembled here. Ford, for instance, has 14 huge assembly plants scattered from Edgewater, N. J., to Long Beach, Calif., thus taking the sales pressure off Detroit.

Also, as has been mentioned many times before, Detroit dealers get only their share of new cars, approximately speaking—according to their pre-war buying records—thus breaking even with dealers everywhere.

Finally, operating on the old prevention-at-the-source theory, federal investigators keep a special and constant eye on Detroit, making it particularly warm for would-be illicit operators.

Nevertheless, Detroit has no more of lily-white record in that regard than any of the hundreds of American cities this correspondent has visited in recent months.

Part of their black market troubles come from outside. That is because the name "Detroit" still is magic to motorists who want new cars. Hence, they converge on this city, pockets bulging with that green folding stuff, and every now and then drive out in a vehicle of 1946 vintage.

That these outsiders are occasionally successful is not a dig at local dealers or factory men, although now and then one of those groups may cut a small slice of the contraband pie. More often, however, it's the individual Detroit motorist who has managed to get himself a new car and whose will-power wilts at the number of lettuce leaves the outlander is willing to peel off his roll.

Such street corner deals have become almost legendary here, despite the officials', best efforts. Dealers also loudly deplore such tactics because the outsiders seldom drive their used cars to town—thus depleting Detroit's overall supply of rolling stock.

The accessory angle is one in which Detroit customers cry out against Detroit dealers just as loudly as do customers against their local dealers elsewhere in the land.

Siler Freeman, auto editor of the Detroit Times, started checking such complaints and duly reported instances in which accessories had been added to the new cars to the extent of pushing prices up several hundred dollars above ceiling.

Even this semi-legal twist, however, proved difficult to track down. Factory men insisted they only put on the accessories which dealers demanded. The latter, in turn, claimed they only ordered such accessories as the customers wanted.

And even the customers who complained admitted that for every buyer who balked at paying for too many extras, there were at least two more waiting to grab the car in question—even if the list of charges included such accessories as gilt bathroom fixtures!

Thus, like other cities, Detroit's troubles usually can be traced to the consumer, as a class, and his willingness to overpay.

But, lest the foregoing seem to whitewash all those connected with the automobile business, it might be well to report that one of the most dramatic black-market stories ever told concerns an auto dealer in the Detroit area.

It must be without names because, (1) the sale was never concluded, and (2) the intended victim will not testify against the dealer.

The would-be buyer was a wounded war veteran, still badly crippled and likely to remain that way for life. When the dealer told him he could get a new car, but that it would cost him $500 extra, "because I can get it from plenty of other people," the vet exploded:

"But I know that So-and So and What's His Name and Whoosit didn't pay you $500 extra for their news cars!" The men he named in turn were a neighborhood grocer, apartment building manager and liquor dealer.

"Oh yes, but that's different," said the auto dealer quite seriously to the crippled veteran. "I have to take care of those guys. They took care of me during the war."

Thomas L. Stokes

"You Simply Can't "Get Away From It All."

WASHINGTON — Perhaps the best thing to do on a vacation is to go deep into the wilds somewhere, away from our modern so-called civilization, out of range of newspapers and radio—if it's possible any longer to find such a spot.

This is the sober reflection of one who didn't.

At any of our resorts there are always newspapers handy. You must scan the headlines at least. This has become a necessity, or at least it is an insidious temptation not to be resisted except by wills stronger than possessed by most of us, especially by one who makes his living in the world of news and newspapers.

Crisis succeeds crisis in our domestic and foreign affairs all day long, in the newspaper headlines and in that brisk, excited voice over the radio.

When you are in the midst of public affairs, working at your job daily, you lose yourself in the false security that you are a part of what is going on and may have something to do with it merely because you are watching it closely.

But when you drop out for a brief period and sit on the sidelines watching and listening from a distance, you undergo an experience of frustration. You begin to see things then through the eyes of the onlooker—that is, most of us. Suddenly you are overwhelmed by what must be the feeling of futility of the average citizen as he reads and hears about the swift tempo of events today and realizes he can do nothing about it.

And so your perplexity grows as you sit on the beach and watch the ceaseless wash of the sea. There is little solace even in the awe always inspired by the ocean, symbolizing as it does the eternal passage of the ages and plainly revealing the infinitesimal object that is man. We all live so importantly to ourselves in the present.

The headlines and the radio roll in, even as the waves, building up a crisis in foreign affairs. You get the impression that some influences on which you can't quite put your fingers are steering us toward another war—and so soon. (Only a year ago, at the beach, we were celebrating the return of peace and—we hoped—a new sort of world.) Involved are deep-seated and inexplicable prejudices and ways of doing things, and lack of understanding. No one can fix the blame exactly.

We have ours, Russia has hers, England has hers, and so do all the others. We all snarl and threaten in strange and sometimes almost childish ways, or so it it seems. Diplomats defy one another and take positions for the sake of national pride and national customs and ways of thinking and many people say things that sweep quickly around the world, and often without knowing what they are talking about. There are so many "experts" who are not that at all.

There is also, shouting from the headlines and radio, the confusions on the home front with which we are more familiar. Everybody seems bent on getting everything for himself, and right now.

There is a spirit of national strike abroad in the land—by businessmen refusing to sell except at higher prices, workers who seem to think more of the immediate financial rewards than of the job at hand. Farmers and cattlemen holding back their products, and the small and lawless element always with us who are now operating the black markets.

We seem to be in the grip of selfishness and self-deception about the things that really matter.

Isn't it about time to take stock of ourselves, to sit off for a moment and look at ourselves as we appear in the mirror of the headlines and the radio bulletins, and bring ourselves back to true values?

And to be moderate and patient?

Communism's Challenge to Religious Belief.

QUESTION: Does the world still have religious faith?

Answer: Thousands of soldiers in Camp Lee, Va., knelt in the post's ten chapels Sunday and prayed for divine aid for seven-year-old Nancy Henderson of Burlington, Vermont, whose doctors have pronounced her incurably ill from brain tumor. Nancy is the daughter of Master Sergeant Ralph W. Henderson.

Over in England people throughout the country at the week-end prayed for better weather which would permit harvesters to begin the salvage of grain from rain-sodden fields.

Meantime in Philadelphia Britain's Archbishop of Canterbury was telling the national convention of the Brotherhood of St. Andrew, Episcopal lay organization, that world brotherhood and peace never will be attained apart from Christianity.

So there is faith—and far more than could be indicated in these three instances. However, there has developed a threat to religion which was brought out in the Philadelphia convention by John Foster Dulles, alternate United States delegate to the United Nations and a prominent layman, who declared that "the Soviet Communist party challenges the supremacy of the so-called Christian world," and continued:

"Controlling at home ten per cent of the human race, it offers leadership to a further 75 per cent constituting the overwhelming majority of Europe, Asia, Africa and South America. That challenge has had an initial success. In every part of the world there are influential groups which accept leadership from Moscow."

The archbishop had a word about Russia also, saying in part:

"We must convince Russia that, on our own principles, we do not want to impede her living in her own ideology. But we must convince her we do not want another ideology imposed where it has no welcome."

The significance of these statements of course rests in the fact that Communism is adamant in the doctrine that religion is the opiate of the masses and must be eliminated. Indeed, Communism is offered as a substitute for religion.

Now this is no contradiction of the circumstance that the Soviet government is permitting churches to conduct services in Russia. While churches are open, Communism never ceases its intensive campaign against religion, and an important part of this is carried on through youth movements which deal with the more pliable minds of childhood. You can't be a true Communist and believe in God at the same time.

But that isn't the whole story. Quite apart from Communism, untold thousands of people in Europe who came under the evil influence of Nazis are bogged down spiritually, morally and in morale, as I observed during my recent tour of the continent.

Hitler deliberately corrupted all he could among his own people and the peoples of neighboring states who came under his control. He did this so that they would assist, or at least not resist, his diabolical schemes for the enslavement of conquered nations.

That sounds like fiction, but it is all too true. And this host of wanderers constitutes one of the greatest problems of rehabilitation. As they are now, their position is all but hopeless. They are without guidance, and in due course they are going to be caught up by one of two faiths—Red Communism or Christianity. It depends on which gets there first with the greatest driving force.

Farmer's Diary: "Can Schools Be Improved?"

FOR MORE than thirty years I have been a teacher in the public schools of Ohio and Pennsylvania. And I still think teen-age youngsters are the best folks in this country! They are alive, with eager sympathies and unspoiled emotions.

I know some of their teachers very well. Most of the ones I know are doing what is expected of them to the best of their ability, even to maintaining a cultural home environment on a smaller salary than any other professional group, perpetually "baling with a sieve."

But what are schools for? Are you satisfied with yours? Or is it emphasizing the wrong things—doing more harm than good? What kind of education ought young Americans to have?

Ought the schools be expected to raise the level and the ideals of society? Or are you satisfied if your children do no worse, and no better, than you yourself have done?

Is "juvenile delinquency" the right term to use—or should it be called "parental delinquency?"

Ninety-five per cent of all children are average. But average children have all kinds of potentialities. Do you want your child to continue to grow mentally as long as he lives? To use all of himself in the wisest and best way, for the good of mankind? He will need the leadership of wise, strong teachers . . . plus the cooperation of interested parents.

We claim the United States must furnish leadership for the world—do we mean what we say? And what kind of leadership—industrial, military or spiritual? To lead whither?

The last issue of Ohio Grange Monthly had a memorable article, "Wanted—Another McGuffey." (If you'd like, I'll review it for you in a later column).

As I see it, our education ought to keep alive the best qualities of childhood — curiosity, forthrightness, imagination, love of fun, love of beauty. And there are lots of things about our public school system that could be improved. Will you write in your suggestions?

Nuptials Performed

Ruth Naomi Oswalt Wed to C. F. Bookwalter September 8.

The Franklin Methodist church was the scene of the wedding, Sept. 8, of Miss Ruth Naomi Oswalt, daughter of Mr. and Mrs. Ralph K. Oswalt, R. D. 1, and Charles F. Bookwalter, son of Mr. and Mrs. Charles L. Bookwalter, R. D. 1.

Rev. Floyd Eckert officiated at the 2:30 p. m. open church ceremony with Mrs. Elsie Ireland and Miss Betty Pagnard furnishing the nuptial music.

The bride wore a gown of white satin and net made with a fitted bodice, sweetheart neckline and long train. Her veil was attached to a beaded tiara. She carried a bouquet of white roses and gardenias.

Maid-of-honor for her sister was Miss Glada Oswalt, while bridesmaids were Mrs. Wilbur Bookwalter, sister-in-law of the groom, and Miss Vivian Beck.

The attendants wore identical gowns of marquisette with the maid of honor in aqua carrying a bouquet of yellow gladioli and roses and the bridesmaids in pink with bouquets of purple asters and pink roses. Their headbands matched their bouquets.

The bride's mother wore a black dress with black accessories and a corsage of gardenias. The mother of the groom wore a black dress trimmed with sequins and a corsage of gardenias.

Ushers were Lee Oswalt, brother of the bride, and Wilbur Bookwalter, brother of the groom. Don Bookwalter served as his brother's best man.

Guests numbering 125 were invited to a reception following the ceremony at the home of the groom. A four-tiered wedding cake centered the table.

For traveling the new Mrs. Bookwalter wore a grey suit with pink trim, black accessories and a gardenia corsage. After Sept. 12 the newlyweds will be at home at 150-49 34th avenue, Flushing, L. I. New York.

The bride graduated from Union high school and has been employed in the payroll department of the Westinghouse.

Mr. Bookwalter graduated from Mansfield Senior high school and is now employed as a pilot for Pan-American World Airways.

Couple Weds In Kentucky

Doris Radovich Is Bride of William Davis Yesterday.

The Epworth Methodist church of Lexington, Ky., was the scene of the marriage of Miss Doris Angelina Radovich, daughter of Mr. and Mrs. Nick Radovich, 25 Crestline avenue, this city, and William Darlington Davis, son of Rev. and Mrs. Warner P. Davis of Lexington, Ky.

Rev. Davis officiated at his son's wedding with O. C. Turner playing the wedding service.

Given in marriage by Alex Radovich, the bride wore a white satin gown and carried a bouquet of white roses and a white orchid.

She was attended by her sister, Mrs. J. Horvath, matron of honor, in a blue figured gown, and Miss Lois Evans of Lexington and Miss Martha J. Williamson of Bremen, Ga., in yellow eyelet gowns as bridesmaids.

Joseph M. Davis, brother of the bridegroom, was best man, with John Ewing, of Milton, Ky., and Sam Radovich, brother of the bride, as ushers.

A reception was held following the ceremony at the Davis home. After a wedding trip to North Carolina, the couple will reside in Wilmore, Ky., where Mr. Davis is attending Asbury college in preparation for the ministry.

The bride is a graduate of Mansfield Senior high school and of Asbury college while Mr. Davis is a graduate of Henry Clay high school of Lexington.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health. —Adv.

HOROSCOPE

For Thursday, Sept. 12.

It is probable that this is a day in which events move into the horizon with such high tempo and excitement as to overwhelm sound judgment and customary calm in reaction to dramatic and thrilling situations. While the tension, nerves and passions are under stimuli to embrace unusual and devastating opportunities, final issues depend upon a calm, composed, far-reaching and profound control of forces, faculties and emotional responses.

This benign element is accented, amenable to a progressive and constructive turning of the tables into surprising channels of accomplishment, but in all, be aware of an undermining current of treachery or duplicity from unsuspected sources. Fast moves but not erratic ones are to lasting advantage.

A child born on this day will be active, constructive and move at high gear into a career, dramatic and adventurous.

MORE ON FARMS

Statistics show more people employed on farms in the United States now, than for several years. Farmers around industrial centers still face competition for labor that keeps them short handed.

Old Jed Thumper Thumps

None are so smart but that some day
They'll meet their match along the way.
—Old Mother Nature.

One of these is Old Jed Thumper

Reddy Fox is smart. Everybody says so, and what everybody says must be so. Some say that he is the smartest of all the little people in the Green Forest and on the Green Meadows. That is a mistake. Reddy knows it. He doesn't fool himself. He knows he is smart, but he also knows that there are others just as smart. He has learned this through experience. There are certain smaller neighbors whom he has tried and tried to catch and hasn't so much as touched a hair or a feather of them. They have been just as smart in keeping out of his clutches as he has in trying to trick them.

One of these is Old Jed Thumper, the gray, old rabbit who has lived for a long time in the Old Pasture. Most folks think that Rabbits are not very smart. It may be that many are not, but it must be that some are or they wouldn't be around for so long. Peter Rabbit can't remember the number of times that Reddy Fox and other hungry, smart hunters have tried to catch him, but he is still in the dear Old Briarpatch and has been for a long time. Old Jed Thumper has lived in the Old Pasture still longer and Reddy Fox and Mrs. Reddy live there, too. They haven't been smart enough to catch Old Jed Thumper, though they have tried and tried.

Old Jed has lived alone so long that he is short-tempered with other folks, as people who live alone so often are. He seems to think that the Old Pasture belongs to him and no other Rabbits have a right to be there. More than once he has chased Peter Rabbit out of there. Peter has the same feeling about the dear Old Briarpatch. He probably would tell you that no one but himself and Mrs. Peter have any right to be there.

The Old Pasture is a big place. There are parts of it that the gray, old Rabbit seldom visits. They are too far from what he calls home, his favorite big bramble-tangle and its immediate neighborhood. But once in a while he visits the other parts of the Old Pasture. Perhaps it is just to make sure that no other Rabbits have moved in. So it happened that late one afternoon Little Wobblenose, the small Rabbit Farmer Brown's boy had trapped in his garden and set free in a bramble-tangle far up in the Old Pasture, saw a big, gray, old Rabbit coming toward him along and old cowpath.

The small Rabbit had a queer feeling. Yes, sir, he had a queer feeling. It was a mixed sort of feeling. It was part gladness at seeing one of his own kind and part fear because this stranger was so big and looked so cross. Supposing he should want that bramble-tangle for himself and should chase him out. Little Wobblenose shivered at the thought. He wouldn't know where to go, for he had not been in the Old Pasture long enough to know his way about. Admiration had a part in that queer, mixed feeling, too. He wondered if he ever would be as big as that old Rabbit.

"It must be wonderful to be as big as that. If I ever am I won't be afraid of anything No, sir, I won't be afraid of anything or anybody, not even that big fellow who tried to get me to go with him to get some clover," thought he. Of course he meant Reddy Fox.

The little Rabbit poked his head out of the bramble-tangle the better to watch. Then he crept wholly out and sat up. Old Jed Thumper was sitting up. My, how tall he was, sitting up that way!

"I wonder if he sees me," thought Little Wobblenose.

If he did Old Jed made no sign. His long ears stood straight up. He seemed to be looking very intently in one direction. His wobbly nose was twitching. It twitched and twitched. The Little Rabbit tried to look in the same direction, but he was too small to see over even the lowest bushes. But he could twitch his wobbly, little nose and did. He twitched and twitched it. What was that smell? It was faint, very faint, but it was familiar. It made him think of long, sharp teeth, the teeth of the handsome stranger who had invited him to go after sweet clover. Just then Old Jed Thumper thumped. He thumped hard with a long hind foot. Without really thinking Little Wobblenose plunged back into the bramble-tangle.

The next story: "The Truth at Last."
